H2020 ONLINE MANUAL

This page provides an overview of funding opportunities by funding bodies other than the Commission and its Executive Agencies:

- Public-Public Partnerships by several Member States
- Public-Private Partnerships ("Joint Technology Initiatives")
- Co-funded activities (ERA-NETs; European Joint Programmes)
- Competitive calls published by consortia of FP7 projects
- Funding opportunities for innovation in other EU or national programmes

To learn more about the other EU funding opportunities, see A Beginner's [Guide to EU Funding](#).

*Disclaimer: This page does not provide a complete list of all other funding opportunities for research and innovation activities.*

- Calls for tenders
- Calls in ERANETs, JTIs, Public-Public Partnerships and other co-funded actions
- Financial support to Third Parties and Competitive calls by on-going FP7 and H2020 projects
- European Institute of Innovation and Technology (EIT)
- EU-backed business loans and risk capital
- EUREKA - funding for technology projects
- COST - funding for R&I networking
- Funding for research and innovation at regional level
- Rural development funding for innovation

### What is TED?

TED (Tenders Electronic Daily) is the online version of the 'Supplement to the Official Journal' of the EU, dedicated to European public procurement.

### How can I benefit from TED?

TED provides free access to business opportunities from the European Union, the European Economic Area and beyond.

Every day, from Tuesday to Saturday, a further 1,700 public procurement notices are published on TED.

You can browse, search and sort procurement notices by country, region, business sector and more.

Information about every procurement document is published in the 24 official EU languages. All notices from the EU's institutions are published in full in these languages.

### Why should I register on TED?

- To personalise search profiles, according to your needs.
- To get e-mail alerts based on your search profiles.
- To personalise RSS feeds for your web sites and RSS readers.

**About COST**

COST is the longest-running European framework supporting trans-national cooperation among researchers, engineers and scholars across Europe.

It is a unique means for them to jointly develop their own ideas and new initiatives across all fields in science and technology, including social sciences and humanities, through pan-European networking of nationally funded research activities. Based on a European intergovernmental framework for cooperation in science and technology, COST has been contributing - since its creation in 1971 - to closing the gap between science, policy makers and society throughout Europe and beyond. As a precursor of advanced multidisciplinary research, COST plays a very important role in building a [European Research Area \(ERA\)](#).

It anticipates and complements the activities of the EU Framework Programmes, constituting a "bridge" towards the scientific communities of COST Inclusiveness Target Countries. It also increases the mobility of researchers across Europe and fosters the establishment of scientific excellence.

The former science organisation which was structured into nine science and technology domains has been replaced by a new organisation aiming at guaranteeing a fully open and bottom-up approach through the establishment of a single [Scientific Committee](#).

[Calls for tenders on TED](#)

COSME is the EU programme for the Competitiveness of Enterprises and Small and Medium-sized Enterprises (SMEs) running from 2014 to 2020 with a planned budget of €2.3bn. COSME will support SMEs in four areas:

- Improving access to finance for SMEs in the form of equity and debt
- Improving access to markets
- Improving framework conditions for the competitiveness and sustainability of Union enterprises
- Promoting entrepreneurship and entrepreneurial culture

- **Financial viability self-check tool** allows you simulating the financial viability check of your organisation
- **SME participation:** dedicated H2020 guidance page for SME

**1** FIND a call **2** FIND partners **3** CREATE your account **4** REGISTER your organisation **5** SUBMIT a proposal

**Step 1 - Find a suitable Call for Proposals** **H2020 ONLINE MANUAL**

The Commission publishes on the Participant Portal all the Calls of its research and innovation programmes **H2020**, and you can search calls from previous programmes (**FP7** and **CIP**). In addition you can find information about some additional calls in the **Other Funding Opportunities** section. If you apply for the first time and do not know yet the programmes, it is useful to read the H2020 Online Manual. It helps you choose the most suitable programme for your area and profile. Besides, you can **search according to your research topic** with key words and set filters in the calls list.

Your **National Contact Point** can also help you find the most suitable call for your profile. SMEs are in addition supported by the **Enterprise Europe Network**.

# Он-лайн посібник Горизонту 2020

The screenshot shows the 'Participant Portal H2020 Online Manual' website. At the top left is the European Commission logo. The main header reads 'RESEARCH & INNOVATION Participant Portal H2020 Online Manual'. A search bar is located in the top left of the main content area. A breadcrumb trail indicates the current page: '> H2020 Online Manual > Grants > Applying for funding >'. Below the breadcrumb are four navigation buttons: 'Find a call', 'Find partners', 'Register an organisation', and 'Submit a proposal'. The main heading is 'Applying for funding'. A list of links is provided: 'Find a call', 'Find partners', 'Register an organisation', and 'Submit a proposal'. A left-hand navigation menu is visible, listing various sections like 'My Area - User account & roles', 'Grants', and 'Applying for funding'.

## News

The [3rd Health Programme](#) and the [Consumer Programme](#), managed by the Consumer, Health and Food Executive Agency (CHAPEA), and the [Research Fund for Coal and Steel \(RFCS\)](#) are now using the [European Commission's experts database](#) to select experts for assignments including the evaluation of proposals and monitoring of projects. If you are already registered as an expert and wish to also indicate your interest in these programmes, please [update your profile](#) by ticking "RFCS (Research Fund for Coal and Steel)" and/or "Third Health Programme (managed by Chafea)" ("Programme Selection" section). New experts registering can indicate their interest in working for any of the programmes listed in the 'Programme Selection' section.

## Experts

H2020 ONLINE MANUAL

Join the database of independent experts for European research and innovation.

The European Commission appoints independent experts to assist with research and innovation assignments including the evaluation of proposals, monitoring of projects, and evaluation of programmes, and design of policy.

## New experts

### Who can be an expert?

You have a chance of being selected as an expert if you:

- have high-level of expertise in the relevant fields of research and innovation ([see call](#) for details on types of expertise).
- can be available for occasional, short-term assignments

[REGISTER AS EXPERT](#)

### What do expert assignments involve?

Experts, as peer reviewers, assist in the:

- **evaluation** of proposals
- **monitoring** of actions

In addition, experts assist in the :

- **preparation, implementation or evaluation of programmes and design of policies.** This includes the Horizon 2020 Advisory Groups.

Assignments mainly concern research and innovation, falling within the Horizon 2020 programme designed to address the challenges Europe is facing through funding excellent science, technology and innovation.

Take a look at the most recently [funded projects](#).

**Business innovation coaches** support SMEs funded via the SME instrument. An expression of interest for experts willing to become Business Innovation Coach for the SME instrument is available [on the EASME website](#). Candidate

### National Contact Points

The network of National Contact Points (NCPs) is the main structure to provide guidance, practical information and assistance on all aspects of participation in Horizon 2020. NCPs are also established in many **non-EU** and **non-associated** countries ("third countries").

Search for:

Select the country  
-----Member states-----  
Austria  
Belgium

All functions  
Coordinator  
Legal and Financial  
SMEs

SEARCH

Sort by  Country  Contact name  Most recent  Organisation

What is the NCP network?

NCPs are national structures established and financed by governments of the 28 EU member states and the states associated to the framework programme. NCPs give personalised support on the spot and in applicants' own languages. The NCP systems can vary from one country to another from highly centralised to decentralised networks, and a number of very different actors, from ministries to universities, research centres and special agencies to private consulting companies.

Країни відсортовані за 3 групами:

- 1) Члени ЄС
- 2) Асоційовані країни
- 3) Треті країни
